6000 sf Multi-Purpose Gymnasium

*Dear Joe,*

*Yes, we are very happy with the floor. It has been easier to maintain than I thought, and we now use it EVERY DAY for the following activities:*

- basketball leagues, kids and adults*
- jazzercise classes*
- soccer camps*
- weddings, plays, dinners, concerts*
- kids programs with games and moon bounces*
- and now we're putting in volleyball courts*

*I don't have many great pictures, but attached are a few:*

*We recently considered putting this floor in another section of our building for a Day Care, but the cleaning requirements dictated a non-porous floor. Sorry it has taken so long to get back to you. We've also had some other people ask about it, and hopefully they've checked out your website.*

*Jerry Summers*

*Joe,*

*Our floor has been great. Sports Zone is a sports oriented Family entertainment center. In the Cosmic Arena the kids play basketball, dodge ball, soccer, and an arena type football – all with fog, flashing lights, and rock music. The Blast Zone is an area with compressed air cannons that shoot foam balls.*

*Thanks,  
Ted*
